## *Road of Hope: Cardinal Francis Xavier Nguyen*

The documentary, *Road of Hope*, explores the spiritual journey of Cardinal Francis Xavier Nguyen Thuan. He was a political prisoner of the Communist regime in Vietnam for thirteen years. His remarkable faith sustained him during those long years when he would celebrate Mass in secret with three drops of wine in the palm of his hand and the host smuggled inside a flashlight by his faithful. Join us as we enjoy breakfast refreshments and an unprecedented glimpse into the life of this modern day martyr and saint.
